(U.P.)

## EDUCATION

**Inderprastha Engineering College (A.K.T.U)**  
**B.tech computer science and engineering**

**D.A.V Centenary Public School (C.B.S.E)**  
**Intermediate in science**  
**Consistent 85%**  
**Year of Passing - 2021**

**D.A.V Centenary Public School (C.B.S.E)**  
**High School**  
**Consistent 81.16**  
**Year of Passing - 2019**

## LANGUAGE

English.  
Native Hindi

## COMPUTER SKILLS

C, C++, PYTHON, HTML5/CSS3  
JAVA AND JAVASCRIPT  
MACHINE LEARNING FRAMEWORKS :  
SCIKIT-LEARN, SciPy  
DATABASE : MySQL  
ALSO HAVE KNOWLEDGE ON AWS

## PROJECTS

**Hotel Record Management System**  
In this project, users can book hotels and select the number of rooms they need. They can also choose various facilities, such as breakfast, lunch, and dinner. Additionally, users can specify their food preferences. The database management for this project is implemented using binary files with Python's pickle module.
